

3 key advantages of our **impaired risk** underwriting

We know that every case is unique, and underwriting impaired risk requires a balance of experience, flexibility, and competitive pricing. With over 22,000 impaired risk cases processed each year, we are committed to helping you secure the best possible offers for your clients.

1 Get answers faster, so you can focus on sales

- Quick Quote Service at QuickQuotes@LGAmerica.com gets you a response within 48 hours on business days – so you can set expectations with clients without delays.
- No back-and-forth guesswork – we provide direct, transparent guidance to move cases forward with confidence.

2 More competitive offers means more business for you

- "Best in Business" co-morbidity approach – We look at the full picture, not just a list of conditions. That means a client with multiple impairments is not automatically given the lowest rating.
- Table 4 pricing that competes with Table 2 elsewhere – Your clients could be saving money without compromising coverage.

3 A team that finds solutions, not roadblocks

- With an average of 21 years of experience, our underwriters take a case-by-case approach to help ensure clients get the best possible rating.
- Our sweet spots help more clients qualify for Preferred Plus, Preferred and Standard Plus rates.
